## Step 1

Thread Inner Holes

Moving counter-clockwise, thread TGD using short holes. Thread TL, TGD using short holes, TL, TGD using short holes. Arrange beads flat on bead mat so they form a tight "L" shape.
Start Here

Step 2

Thread Upper Holes

Thread 3 TL. Thread half of TGD using upper/long holes. Pull thread through one link of 18" length of chain. Continue through other half of TGD. Thread TL. Thread TGD using outer/longer holes.

18" Chain

KEY

⭐ Entry Point

🔴 Half-Hitch Knot

➡ Thread's Direction

〰 Previous Steps

▦ = Tile **TL**

◈ = Tango Diamond **TGD**

TGD = ◣ + ◢

TG   TG
Step 3

Thread Lower Holes

Thread TL, TGD using lower/long holes. Thread 3 TL, beading over the existing TL beads, so they lay on top of eachother.

Step 5

**Thread Remaining Beads & Add Chain to Finish**

Moving in a counter-clockwise motion, thread TGD using inner/short holes. Thread vacant hole of TL, thread TGD using inner/short holes. Thread vacant holes of 3TL, proceeding under other beads.
Thread TGD using lower/long holes. Thread TL using vacant hole, TGD using outer/long holes. Thread TL using vacant hole, thread half of TGD using upper/long holes. Between the 2 TG beads, pull thread through one link of 18" chain, at the other end. Continue through other TG, using long hole. After emerging from TGD, tie half hitch knot, pull knot inside adjacent TL, so it's hidden. Cut excess thread. Tie half hitch knot to tail of thread, pull knot inside TL. Cut excess thread.

18" Chain

Thread One Link of Chain Here

Step 4

Reverse Thread's Direction

Rethread 1/2 of TGD, emerging between the 2 beads. Pull thread to tighten, reverse thread's direction, thread long hole of same TG. Thread vacant holes of 3 TL. Thread TGD using short/upper holes. Thread vacant hole of TL.

For Earring (alternate)

Add .5"chain to TGD

To create a vertical earring pendant, only .5" of chain is needed. Between the outer/longer holes of TGD on either side of Infinity shape, pull thread through one link of .5" of chain. Attach jump ring to chain, and close around ear wire to create earring pendant.
