

## EASY AND SIMPLE

### BRACELETS MADE FROM PRECIOSA Twin™ SEED BEADS

PRECIOSA ORNELA presents a selection of simple sets of instructions for making highly simple, but effective bracelets by stringing seed beads from the PRECIOSA Traditional Czech Beads brand. Start with the simple arrangement of PRECIOSA Twin™ seed beads interspersed with PRECIOSA rocailles and then try the other combinations on offer and add your own ideas in order to create original structures and lacy patterns using this new seed bead.

The wide range of color finishes will enable you to give free rein to your creativity and to create your own color combination. We wish you many creative ideas when working with the new PRECIOSA Twin™ seed bead and with other types of Czech PRECIOSA seed beads :o).

The amount of seed beads strung on the flexible stringing material can be completely individual. The standard length of the basic stringing should be 18.5 cm. You can also achieve the same effect using a non-flexible stringing material. In that case, the bracelet must be finished with an individual closing solution.

#### Materials and Tools:

 PRECIOSA Twin™ (T)  
321 96 001; 2.5 x 5 mm

 PRECIOSA rocaille (R10, R9, R8)  
331 19 001; 10/0; 9/0; 8/0

a thin stringing needle, flexible stringing material (Opelon, Elastomer, Lycra), a ruler, scissors
