- 1 x 6mm flat bead
- Small feathers
- Brass wire - Glue
- Fireline 0.12

1) Pick up alternately 13 Samos and 13 R11. Exit through R11.

2) Between each R11, pick 1 R15, 1 R11, 1 R15. Repeat for the length of the pattern

3) You'll now have this. Exit through R11, 1st and 2nd hole of Samos

4) Pick up 1 Kalos between each Samos. Repeat for the length of the pattern

5) You'll now have this. Pass through all Samos and Kalos to strengthen. Exit through 2nd hole of Kalos

6) Between each Kalos, pick up 1 Samos. Repeat for the length of the pattern. Pass through all Samos and Kalos to strengthen

7) You'll now have this. Place your work on John wooden base. Between each Samos, pick up 1 R11. Repeat for the length of the pattern

8) Be careful to place the Kalos in the middle of the wooden base!

9) Exit through R11

10) Repeat step 2 for the length of the pattern

11) You'll now have this. Exit through central R11

12) Pick up 1 R15, 1 SM, 1 R15, pass through R15. Repeat for the length of the pattern

13) You'll now have this. Exit through top hole of SM

14) Between each SM, picj up 1 Piros. Repeat for the length of the pattern

15) You'll now have this, exit through bottom hole of Piros

16) Between each Piros, pick up 1 R11 color 2. Repeat for the length of the pattern

17) You'll now have this. Exit through top hole of Piros

18) Between each Piros, pick up 1 R15 color 2. Repeat for the length of the pattern

19) Repeat steps 12 to 18 for the other side and exit though Samos like picture

20) Between each Samos, pick up2 R15 color 1. Repeat for the length of the pattern

21) Exit through bottom hole of Kalos

22) Between each bottom hole of Kalos, pick up 2 R11 color 1

23) You'll now have this. Exit through top hole of Kalos, and pass through all 2 R11 and top hole of Kalos for the length of the pattern

24) Exit through Samos, and repeat step 20 for the length of the pattern

25) You'll now have this. Close your work.

26) Glue your cap

27) Glue your feathers in your end cap

28) Fold your brass wire in 2 and pass it through the ring of the cord end

29) Place the cord end in the wooden base, it must be hidden into the wooden base

30) Pass the 2 brass wires through the cap

31) Place 1 lucite fleur, 1 abacus bead 8 mm, 1 angel wings, 1 R8, 1 bead 12mm, 1 rhinestone spacer and 1 flat bead 6mm

32) Make a pretty loop, turn your wire to strengthen

33) You'll now have this. Congratulations !
You are an Angel !

Happy beading!
